The Chair welcomed the GDG to the 1st Stable Angina (SA) guideline development group (GDG) meeting and asked members to introduce themselves and briefed the group on the meetings objectives.

(SW) and (BM) provided information on working with NICE and the Patient and Public Involvement Programme (PPIP), (NOF) provided an overview on guidelines development and (AT) on the working arrangements and declarations of interest (DOI). (EF) provided information on the process for applying health economics to guidelines development. In addition (RH) gave a presentation on the Scope for the Management of Stable Angina guideline.

The group were then presented with an overview how key clinical questions are generated, using the PICO format. (SBR) presented the draft key clinical questions and responses the GDG had made on line to these. Following discussion, the questions that would be reviewed at the next meeting were agreed.
