-----------------	----

Apologies were received from (SA) and (CP).

The Chair welcomed the GDG to the 3rd Stable Angina (SA) guideline development group (GDG) meeting and briefed the group on the meetings objectives.

Declarations of interest were received from (AT) who informed the GDG that he was an author on a Ranolazine paper published in the European Heart Journal 2008. He was also an investigator in the BEAUTIFUL study published in the Lancet 2008.

(EF) presented an outline for the Health Economics plan. (NOF) presented the definitions of angina used in other guidelines to inform the working definition of angina being used by the GDG. (SR) presented the draft evidence reviews on the clinical and cost effectiveness of use of both Beta Blockers and Calcium Channel Blockers and newer drugs. The GDG discussed the evidence and began the development of draft recommendations. Review protocols for later meeting topics were also discussed.

SUMMARY AND ANY OTHER BUSINESS

The GDG agreed and signed off the minutes from the meeting on 4th September 2009
