**Notes**

1. RB welcomed the group to the second meeting of this guideline development group (GDG). Apologies were received from Judy Shakespeare.
2. RB asked the group for any new declarations of interest.  
 RB declared:  
**Personal pecuniary:** meeting expenses from Roche to attend the Advanced Technologies and Treatments for Diabetes Conference. (Paris)  
  
 AD declared:  
**Non-personal pecuniary interest:** speaker at a multidisciplinary Team Workshop that Imperial College about the use of insulin pumps and continuous glucose sensors in pregnancy in June 2013 (Diabetes In Pregnancy: Insulin Pump Workshop).

No other new declarations of interest were received from the GDG members or the other attendees. It was agreed that no interests declared at the meeting or previously warranted exclusion of any GDG members from discussions of evidence or formulation of recommendations at the meeting.

Declarations are kept on record at the NCC-WCH and will be published in the full guideline.

3. The minutes of the previous meeting were accepted as an accurate record of the meeting.
4. SBR presented the evidence for 'Gestational diabetes – first trimester screening' (the list of Excluded Studies, the Evidence Tables, the GRADE Profiles summarising the evidence and the Evidence Summary and Recommendations). During the presentations the group had an opportunity to discuss the evidence presented and ask questions. Notes of this discussion were made live on screen. This question will be revisited later in the process following the health economic analysis for gestational diabetes.
5. AM gave a presentation on the role of the NICE editorial lead. During the presentations the group had an opportunity to ask questions.
6. NP presented the evidence for 'Postnatal testing – optimal timing' (the list of Excluded Studies, the Evidence Tables, the GRADE Profiles summarising the evidence and the Evidence Summary and Recommendations). During the presentations the group had an opportunity to discuss the evidence presented and ask questions. Notes of this discussion were made live on screen. This question will be revisited later on in the process following the presentation and discussion of the evidence for 'Postnatal testing – test accuracy'.
7. There was no other business. RB thanked the participants for attending and closed the meeting.
