

2024 exceptional surveillance of psoriasis: assessment and management (NICE guideline CG153)

Surveillance report

Published: 11 July 2024

www.nice.org.uk

In July 2024, we reviewed this guideline in response to a price decrease of the combined calcipotriol monohydrate and betamethasone dipropionate product.

Surveillance decision

We plan to update guidance on [topical treatment of psoriasis affecting the trunk and limbs](#) in line with a price decrease affecting combined calcipotriol monohydrate and betamethasone dipropionate.

More information is available on the web page for [NICE's prioritisation decisions](#).
