[Healios Ltd](#) has produced a service manual that supports the recommendations on family intervention in the NICE guideline on [psychosis and schizophrenia](#). The service manual describes the content to be used by those providing training for family intervention in line with NICE guidance. It also supports the statement on family intervention in the NICE quality standard for [psychosis and schizophrenia](#).

Endorsed tools are complementary information not produced by NICE. This tool has been developed by [Healios Ltd](#), and is not maintained by NICE. NICE has not made any judgement about the quality and usability of the resource. In the event of any issues or errors, please contact info@healios.org.uk
