Morning notes (Neonatal jaundice)

1. DL welcomed everyone to the morning of the ninth meeting of the clinical guidelines updates Standing Committee. Apologies received from SW, AD, JG, TP.

No public observers at the meeting.

The committee and experts had no new declarations of interest and it was agreed that all interests were 'declare and participate' for Neonatal jaundice.

2. NP gave a presentation on the comments received from the stakeholder consultation on Neonatal jaundice part one. The Committee discussed and agreed the responses to the stakeholder comments that required input from the Committee.
3. The Committee agreed that the LETR should be updated to reflect their discussion in relation to the stakeholder comments.
4. A discussion about the recommendations took place.
5. NP gave a presentation on the progress so far on the Neonatal jaundice part two update.

Close of Neonatal jaundice
