1. Welcome and objectives of the meeting

The Chair welcomed the committee members and attendees to the 33rd Guideline Committee meeting on rehabilitation for chronic neurological disorders (including acquired brain injury).

The Chair informed the committee that apologies had been received, as noted above.

2. Confirmation of matter under discussion and declarations of interest

The Chair confirmed that, for the purpose of managing conflicts of interest, the matter under discussion was rehabilitation for chronic neurological disorders (including acquired brain injury).

The Chair asked everyone to verbally declare any interests that have risen since the last meeting. There were no new declarations made.

3. Morning presentations

The Chair introduced Lisa Boardman to present the morning's content. This was a continuation of the discussion around the recommendations in section 2 of the draft guideline – identifying rehabilitation needs and referral.

After presentation and discussion of the evidence, the committee were invited to draft recommendations.

4. Afternoon presentations

The afternoon's business consisted of further recommendation drafting for section 2 with some additional recommendation drafting for section 3 of the draft guideline – planning, delivery and coordination of rehabilitation services.

Once this concluded, the Chair thanked NICE team members for all their hard work preparing the evidence for the day, and the committee for their contributions, before moving on to the final item of the day.

5. Any other Business

The Chair closed the meeting at 1pm.

GC33 NICE Minutes

Location and date of next meeting:

Virtually, Wednesday 16th October 2024
