Equality impact assessment – Scoping

Dostarlimab with platinum-based chemotherapy for advanced or recurrent endometrial cancer with microsatellite stability or mismatch repair proficiency [ID6415]

The impact on equality has been assessed during this evaluation according to the principles of the NICE Equality scheme.

1. Have any potential equality issues been identified during the scoping process (draft scope consultation and scoping workshop discussion), and, if so, what are they?
No issues raised.
2. What is the preliminary view as to what extent these potential equality issues need addressing by the Committee?
N/A
3. Has any change to the draft scope been agreed to highlight potential equality issues?
N/A
4. Have any additional stakeholders related to potential equality issues been identified during the scoping process, and, if so, have changes to the stakeholder list been made?
No.
