Subject: RE: Health Technology Appraisal: Drugs for the treatment of pulmonary arterial hypertension

Dear Shaun

Please find enclosed additional survival data for sitaxentan, as per your request, that we have extracted from our current database.

This data is sent to you in good faith and is strictly commercial in confidence. There are a number of censored patients at 2 years. The data for these patients is incomplete at this time.

We hope this is of help to you.

kindest regards
