Dear Consultee/Commentator

Health Technology Appraisal

Drugs for the treatment of pulmonary arterial hypertension

As you know the first Appraisal Committee meeting for the above appraisal was held on 3 October 2007. The committee has requested that additional analysis be undertaken by the Assessment Group (West Midlands health Technology Assessment Collaboration) before it provides its advice to the Institute.

Consequently, the Institute has decided to extend the timelines of the appraisal in order that the additional analysis is undertaken. As a result an Appraisal Consultation Document (ACD) will not be issued to consultees at this time, as previously planned.

It is our intention is to reschedule the appraisal as follows:

- Next Committee meeting to discuss this appraisal – 5 February 2008

If you have any queries please feel free to contact me.

Warm Regards,
Natalie

Natalie Bemrose
