

NATIONAL INSTITUTE FOR HEALTH AND CLINICAL EXCELLENCE

**Single Technology Appraisal (STA)**

**Intensity-Modulated Radiation Therapy for treatment of Breast Cancer**

**Response to consultee and commentator comments on the provisional matrix of consultees and commentators (pre-referral)**

<b>Version of matrix of consultees and commentators reviewed:</b> Provisional matrix of consultees and commentators sent for consultation					
<b>Summary of comments, action taken, and justification of action:</b>					
	<i>Proposal:</i>	<i>Proposal made by:</i>		<i>Action taken:</i> Removed/Added/Not included/Noted	<i>Justification:</i>
1.	Consultees should include manufacturers of both IMRT and SRS systems.	Accuray			

National Institute for Health and Clinical Excellence

Response to comments on the provisional matrix of consultees and commentators (pre-referral) for the appraisal of Intensity-Modulated Radiation Therapy for treatment of Breast Cancer

Issue date: May 2008

2.	<p>Consultees should include Medical Physics groups, who will ultimately be planning and performing the QA for IMRT and also Therapy Radiographers who will actively deliver the treatment to the patients. We feel they should be included in any consult in the future as they are at the "cutting edge" as it were.</p>	Elekta

Response to comments on the provisional matrix of consultees and commentators (pre-referral) for the appraisal of Intensity-Modulated Radiation Therapy for treatment of Breast Cancer

Issue date: May 2008

3.	Some key groups/ manufacturers have been omitted from the matrix of consultees and commentators. Most significantly the Society of Radiographers should be included. In terms of manufacturers the independent treatment planning system manufacturers should be included (Philips Medical Systems, CMS and Nucletron).	Institute of Physics and Engineering in Medicine (IPEM)

Issue date: May 2008

4.	Consultees should include the Institute of Physics and Engineering in Medicine (IPEM) and the College of Radiographers SCOR.	NCRI Radiotherapy CSG (including co-ordinated comments from other relevant CSGs), Royal College of Radiologists, Royal College of Physicians, Joint Collegiate Council for Oncology and the Association of Cancer Physicians.			
5.	Women's Health Concern should be added to the patient section of the matrix.	PPIP		<i>Added</i>	<i>This organisation's interests are closely related to the appraisal topic and as per our inclusion criteria and equalities commitments. Therefore Women's Health Concern has been added to the matrix under 'patient/carer' groups.</i>
