

## IPG273 – Balloon catheter dilation of paranasal sinus ostia for chronic sinusitis

SNOMED CT provides clinical terms for entry into the patient record to record clinical information relevant to that encounter; the mandated classifications (OPCS-4 or ICD-10) provide a method to collect and aggregate data to allow accurate and consistent data analysis.

### Procedure and device:

#### SNOMED CT preferred term (concept ID)

#### OPCS- 4 codes:

Depending on which sinus the procedure is performed on one of the following OPCS-4 codes is assigned:

**E13.8 Other specified other operations on maxillary antrum**

**E14.8 Other specified operations on frontal sinus**

**E15.8 Other specified operations on sphenoid sinus**

**E17.8 Other specified operations on unspecified nasal sinus**

The following three codes are assigned directly after one of the codes listed above:

**Y76.1 Functional endoscopic sinus surgery**

Or

**Y76.2 Functional endoscopic nasal surgery**

**Y40.3 Balloon dilation of organ NOC**

**Y53.4 Approach to organ under fluoroscopic control**

### Diagnosis or health condition:

#### SNOMED CT preferred term (concept ID)

#### ICD-10 code(s):

**J32.- Chronic sinusitis**

## Clinical coding recommendations for NICE guidance

For each published interventional procedure and medical technologies guidance, we work with NHS Digital to provide relevant clinical coding information.

SNOMED CT provides clinical terms for entry into the patient record to store clinical information relevant to that encounter.

The mandated classifications (OPCS-4 or ICD-10) provide a method to collect and aggregate data to allow accurate and consistent data analysis.

NICE and NHS Digital Information Representation Services work collaboratively to ensure the most appropriate SNOMED CT, OPCS-4 and ICD codes are provided.

NHS Digital is the national release centre for the UK edition of SNOMED CT, ICD and OPCS-4. Further SNOMED CT information including licensing, see [here](#). Further Classifications information, see [here](#).
