

IP1928- Cryotherapy for chronic rhinitis

The mandated classifications (OPCS-4 or ICD-10) provide a method to collect and aggregate data to allow accurate and consistent data analysis.

Procedure:

OPCS-4 code(s):

A60.8 Other specified destruction of peripheral nerve

Y76.2 Functional endoscopic nasal surgery

Y11.2 Cryotherapy to organ NOC

Diagnosis or health condition:

ICD-10 code(s):

J30.- Vasomotor rhinitis and allergic rhinitis

J31.0 Chronic rhinitis

Note: 'Vasomotor' and 'allergic' rhinitis are classified to ICD-10 category **J30 Vasomotor and allergic rhinitis**, regardless of whether they are or chronic or acute.

Clinical coding recommendations for NICE guidance

For each published interventional procedure guidance, we work with NHS England to provide relevant clinical coding information.

The mandated classifications (OPCS-4 or ICD-10) provide a method to collect and aggregate data to allow accurate and consistent data analysis.

NICE and NHS England Terminology and Classifications Delivery Service work collaboratively to ensure the most appropriate OPCS-4 and ICD-10 codes are provided.

NHS England is the national release centre for the UK edition of ICD-10 and OPCS-4. Further Classifications information, see [here](#).
