## Medical technologies evaluation programme

### Equality impact assessment: Topic selection and scoping

#### Peristeen anal irrigation to manage bowel dysfunction

The impact on equality has been assessed during this evaluation according to the principles of the NICE equality scheme.

1. Have any potential equality issues been identified during the development of the topic briefing or during the committee meeting, and, if so, what are they?

No potential equalities issues were identified during the briefing development or committee meeting

2. What is the preliminary view as to what extent these potential equality issues need addressing by the committee?

The committee did not discuss any issues.

3. Does the scope need to highlight any potential equality issues? If so, how?

No
