## Medical technologies evaluation programme

### Equality impact assessment: Topic selection and scoping

#### Endocuff Vision for endoscopic investigation

The impact on equality has been assessed during this evaluation according to the principles of the NICE Equality scheme.

- |   |
|---|
| 1. Have any potential equality issues been identified during the development of the briefing note or during the Committee meeting, and, if so, what are they? |
|---|

The EndoCuff device contraindicated as an adjunct to colonoscopy of the small bowel or for people with acute, severe colitis or colonic strictures.
---

- |   |
|---|
| 2. What is the preliminary view as to what extent these potential equality issues need addressing by the Committee? |
|---|

It is unlikely that these issues would hinder access of the technology for any specific group.
--

- |  |
|--|
| 3. Does the scope need to highlight any potential equality issues? If so, how? |
|--|

Inclusion of the equalities issues listed above as a special consideration.
