## NICE guidelines

### Equality impact assessment

#### Early and locally advanced breast cancer (update)

The impact on equality has been assessed during guidance development according to the principles of the NICE equality policy.

**2.0 Scope: after consultation (To be completed by the developer and submitted with the final scope)**

2.1 Have any potential equality issues been identified during consultation, and, if so, what are they?
--

No issues were identified during/after scope consultation.
--

2.2 Have any changes to the scope been made as a result of consultation to highlight potential equality issues?
---

No changes have been made
---------------------------

2.3 Is the primary focus of the guideline a population with a specific disability-related communication need?

If so, is an alternative version of the 'Information for the Public' document recommended?

If so, which alternative version is recommended?

The alternative versions available are:

- large font or audio versions for a population with sight loss;
- British Sign Language videos for a population who are deaf from birth;
- 'Easy read' versions for people with learning disabilities or cognitive impairment.

No
