

## 1.0.7 DOC EIA

# NATIONAL INSTITUTE FOR HEALTH AND CARE EXCELLENCE

## NICE guidelines

### Equality impact assessment

## Pancreatitis: diagnosis and management

### 4.0 Final guideline (to be completed by the Developer before GE consideration of final guideline)

4.1 Have any additional potential equality issues been raised during the consultation, and, if so, how has the Committee addressed them?

**No potential equality issues have been raised during consultation.**

4.2 If the recommendations have changed after consultation, are there any recommendations that make it more difficult in practice for a specific group to access services compared with other groups? If so, what are the barriers to, or difficulties with, access for the specific group?

**The recommendations have changed after consultation; however, there are no recommendations which would present difficulties with access for any specific groups.**

4.3 If the recommendations have changed after consultation, is there potential for the recommendations to have an adverse impact on people with disabilities because of something that is a consequence of the disability?

**The recommendations have changed after consultation, however, there are no recommendations which would have an adverse impact on people with disabilities.**

## 1.0.7 DOC EIA

4.4 If the recommendations have changed after consultation, are there any recommendations or explanations that the Committee could make to remove or alleviate barriers to, or difficulties with, access to services identified in questions 4.1, 4.2 and 4.3, or otherwise fulfil NICE's obligations to advance equality?

N/A

4.5 Have the Committee's considerations of equality issues been described in the final guideline, and, if so, where?

**NICE has carried out an equality impact assessment during scoping. The assessment identified no equality issues relevant to the scope.**
