1. Welcome and objectives for the meeting

The Chair welcomed the Committee members and attendees to the sixth meeting for the post-traumatic stress disorder (PTSD) guideline update.

The Chair informed the Committee that apologies had been received as noted above.

The Chair outlined the objectives of the meeting, which included:

- presentation of evidence on psychological, psychosocial and other non-pharmacological prevention of PTSD in adults
- revisiting evidence on psychological, psychosocial and other non-pharmacological prevention of PTSD in children and young people

2. Confirmation of matter under discussion, and declarations of interest

The Chair confirmed that, for the purpose of managing conflicts of interest, the matter under discussion was PTSD.

The Chair asked everyone to verbally declare any interests.

Name	Job title, organisation	Declarations of Interest, date declared	Type of interest	Decision taken
Neil Greenberg	Professor of Defence Mental Health, King's College London	Previously declared on 15th September 2016 Director/owner of March on Stress Ltd (www.marchonstress.com), a small company that provides training to organisations to improve their staff's psychological resilience to traumatic and non-traumatic stress; the company also provides clinical services for non-psychotic mental health conditions. Part of the provision is for TRiM (trauma risk management) training.	Personal, financial specific	No participation in drafting recommendations about TRiM (or competitor interventions if any evidence is identified in relation to TRiM)

The Chair and a senior member of the Developer's team noted that the interests declared did not prevent the attendees from fully participating in the meeting.

3. Minutes of last meeting

The Chair asked the Committee if it wanted any changes made to the minutes of the last meeting. The Committee agreed that subject to a small amendment, the minutes were a true and accurate account of the meeting.

4. Presentations

The Chair introduced ES to the Committee who presented the clinical evidence for psychological, psychosocial and other non-pharmacological prevention of PTSD in adults. ES took questions from the Committee.

The Chair introduced IM to the committee who presented the health economic evidence for psychological, psychosocial and other non-pharmacological prevention of PTSD in adults psychological, psychosocial and other non-pharmacological prevention of PTSD in children and young people. IM took questions from the
