1. Welcome and objectives for the meeting

The Chair welcomed the Committee members and attendees to the eleventh meeting on intrapartum care for high risk women with medical conditions. The Committee members and attendees introduced themselves.

The Chair informed the Committee that apologies had been received. These are noted above.

The Chair, outlined the objectives of the meeting which included: reviewing the evidence and drafting recommendations, and refining search protocols for review questions.

2. Confirmation of matter under discussion, and declarations of interest

The Chair confirmed that, for the purpose of managing conflicts of interest, the matter under discussion was intrapartum care for high risk women with medical conditions.

The Chair asked everyone to verbally declare any interests that have arisen since the last meeting.

No new interests were declared.

Name	Job title, organisation	Declarations of Interest, date declared	Type of interest	Decision taken
NA	NA	NA	NA	NA

The Chair and a senior member of the Developer’s team noted that the interests declared did not prevent the attendees from fully participating in this meeting.

3. Minutes of last meeting

The Chair asked the Committee if it wanted any changes made to the minutes of the last meeting. The Committee agreed that the minutes were a true and accurate account of the meeting.

The Chair confirmed that all matters arising had been completed or were in hand.

4. Presentations

The Chair introduced Lyn Knott, NICE Senior Medical Editor, who gave a presentation on Rationale and impact section of the new NICE template.

The Chair introduced Shona Burman-Roy, NGA Senior Systematic Reviewer, who gave a presentation on Evidence review 4: What is the appropriate management of anticoagulation for women with valvular disease in planning for childbirth?

The Chair introduced May Oo Khin, NGA Systematic Reviewer, who gave a presentation on Evidence review 6: Which women with cardiac conditions need additional haemodynamic monitoring or management during childbirth:

- input–output chart of fluid balance with a urinary catheter or urometer
- invasive monitoring using an arterial line and central venous pressure
- cardiac monitoring
- fluid restriction?

The Chair introduced May Oo Khin, NGA Systematic Reviewer, who gave a presentation on Evidence review 8: What is the optimal management for women with peripartum cardiomyopathy in labour?

The Chair introduced Alex Bates, NGA Guideline Lead, who gave a presentation on Protocol 7: What is the most appropriate method of diagnosis for women with suspected cardiomyopathy in labour?

The Chair introduced Alex Bates, NGA Guideline Lead, who gave a presentation on Protocol 11: How should the third stage of labour be managed for women with cardiac disease?

The Chair introduced Shona Burman-Roy, NGA Senior Systematic Reviewer, who gave a presentation on Protocol 9: Is regional or general anaesthesia safer for women with cardiac disease for peripartum surgical procedures including caesarean section?

The Committee then discussed the issues presented in relation to this guideline.

The Committee thanked the speakers for their presentations and contribution to the development of the guideline.

5. Questions and discussion
The Committee discussed the evidence reviews and proposed recommendations. The Committee discussed the protocol and were given the opportunity to ask questions and make amendments.
6. Any other business
Alex Bates outlined the new timeline agreed with NICE for the guideline.

Date of next meeting: 07/06/2017

Location of next meeting: RCOG, London
