1.Welcome

- **Objectives for the meeting,**

- **Confirmation of matter under discussion,**
- **Declarations of interest, minutes of last meeting**

The Chair welcomed the Committee members and attendees to day 1 of the 11th meeting for this topic. No members of the public had asked to observe this meeting.

The Committee members and attendees introduced themselves.

The Chair informed the Committee that apologies had been received. These are noted above.

The Chair confirmed that, for the purpose of managing conflicts of interest, the matter under discussion was specialist neonatal respiratory care in preterm babies. There were no new declarations of interest.

The Chair discussed with the committee the actions from the previous meeting and matters arising for the meeting. The committee signed off the web minutes for committee meeting 10.

2. Review question 7.1: What factors are important when planning for the safe transition from hospital of a baby born preterm, requiring ongoing respiratory support?

The Chair introduced Audrey Tan (NGA Systematic Reviewer) who presented the evidence for review area 7.1 and took questions from the committee.

The Chair led a discussion of the evidence with the committee, and the committee drafted the recommendations for review question 7.1.

3. Review question 7.2: What information and support is valued by parents and carers of preterm babies who are discharged from hospital and receiving respiratory support?

AT presented the evidence for review area 7.2 and took questions from the committee.

The Chair led a discussion of the evidence with the committee, and the committee drafted the recommendations for review question 7.2.

4. Update on Health Economics

The Chair introduced Eric Slade (NGA Health Economist), who presented an update to the committee on the health economic modelling for review area 6.1 (NIDCAP).

Shona Burman-Roy (NGA Senior Systematic Reviewer) presented the reruns evidence for 1 additional study for review area 6.1.

ES presented a reminder of health economics findings on NMA for review question 3.2.

Kelly Williams (NGA Systematic Reviewer) presented a recap and follow-up on evidence review 3.2 non-invasive ventilation techniques.

ES then presented the cost-effectiveness evidence review of 1 additional rerun study for review area 3.2. ES and KW took questions from the committee.

The committee revisited and revised the draft recommendations for review question 3.2.

5. Lay member forum

The lay members did not raise any particular questions in the forum.

6. Review question 4.4: What blood pressure monitoring strategies are associated with improved outcomes in babies requiring respiratory support?

The Chair introduced Kelly Williams (NGA Systematic Reviewer) who presented the evidence for review area 4.4 and took questions from the committee.

The Chair led a discussion of the evidence with the committee, and the committee drafted the recommendations for review question 4.4.

7. Algorithm

The Chair introduced Emily Goss, Committee member, who presented the revised draft algorithm to the committee. The committee discussed changes to the format and content.
