

Surveillance proposal consultation document

2023 surveillance of Stroke and transient ischaemic attack in over 16s: diagnosis and initial management (NICE NG128)

The consultation includes the following questions:

1. Do you agree with the proposal not to update the guideline?

Please could you let us know if you agree or disagree (yes/no) and provide us with your comments regarding the same

2. Do you have any comments on areas excluded from the scope of the guideline?

Please could you provide us with your comments

3. Do you have any comments on equality issues related to doppler imaging in patients with stroke or TIA?

Please could you provide us with your comments

4. Are there any published or ongoing trials in which could help to inform us on the patient impact of IPH data for stroke or TIA patients?

For example, 'Test and treat' RCTs for MRI imaging of carotid artery, or RCTs of intervention(s) where the patient group has been selected based on the on the IPH findings (instead of NASCET or ECST)

Please could you provide us with details on any trials

Please note: Responses to consultation questions will need to be submitted online, by signing into your NICE account. The consultation closes at **5pm on Tuesday, 11th April 2023**.
