Mohammed Islam	Lay member
James Stephenson	Consultant Gastrointestinal and Abdominal Radiologist, University College Hospital, London

1. Welcome and objectives for the meeting

The Chair welcomed the Committee members and attendees to the second meeting on Acute Kidney Injury (update). The Committee members and attendees introduced themselves.

No members of the public asked to observe the meeting.

The Chair informed the Committee that apologies had been received. These are noted above.

The Chair outlined the objectives of the meeting, which included: presenting evidence reviews on risk assessment tools for iodine-based contrast media and Estimated Glomerular Filtration Rate (eGFR) for the prediction of iodine-based contrast media, and drafting recommendations.

2. Confirmation of matter under discussion, and declarations of interest

The Chair confirmed that, for the purpose of managing conflicts of interest, the matter under discussion was risk assessment tools for iodine-based contrast media and Estimated Glomerular Filtration Rate (eGFR) for the prediction of iodine-based contrast media.

The Chair asked everyone to verbally declare any interests that have arisen since recruitment. No new interests were declared.

The Chair and a senior member of the Developer's team noted that the interests previously declared did not prevent the attendees from fully participating in the meeting.

3. Evidence reviews

Toby Sands, Technical Analyst, presented the risk assessment tools evidence review and the eGFR evidence review to the committee.

4. Drafting recommendations

The committee discussed the evidence and drafted recommendations.
