

2024 exceptional surveillance of clostridioides difficile infection: antimicrobial prescribing (NICE guideline NG199)

Surveillance report

Published: 11 July 2024

www.nice.org.uk

In July 2024, we reviewed the NICE guideline on Clostridioides difficile infection: antimicrobial prescribing in response to the new marketing authorisation for extended pulse dosing with fidaxomicin.

Surveillance decision

We will update the guideline to reflect this change.
