Apologies:

Alastair McDougall	Committee member
Gaius Longcroft-Wheaton	Committee member
Tom Crosby	Committee member

1. Welcome and objectives for the meeting

The Chair welcomed the Committee members and attendees to the second meeting on Barrett's oesophagus. The Committee members and attendees introduced themselves.

The Chair informed the Committee that apologies had been received. These are noted above.

2. Confirmation of matter under discussion, and declarations of interest

The Chair confirmed that, for the purpose of managing conflicts of interest, the matters under discussion were oesophagectomy, non-surgical interventions for stage 1 adenocarcinoma, endoscopic and radiological follow up, frequency of endoscopic and radiological follow up and different endoscopic therapies alone and in combination.

The Chair asked everyone to verbally declare any new interests.

The Chair and a senior member of the Developer's team noted that the interests declared did not prevent the attendees from fully participating in the meeting.

3. Health Economic Prioritisation

The Chair introduced Muksitur Rahman, who presented the results of the Health Economic prioritisation survey.

4. Draft protocols

VB led discussion on the following draft protocols:

- Oesophagectomy
- Non-surgical interventions for stage 1 adenocarcinoma
- Endoscopic and radiological follow up
