

2022 exceptional surveillance update (NICE guideline CG190)

Surveillance report

Published: 26 May 2023

www.nice.org.uk

May 2023: We have reviewed our guidelines portfolio to identify topics that we think will add the most value to the health and care system and have agreed the updates on angle of episiotomy and rectal examination recommended in the [2022 surveillance report](#) will not proceed as planned.
