### **2. Confirmation of matter under discussion, and declarations of interest**

The Chair confirmed that, for the purpose of managing conflicts of interest, the matters under discussion were: intensity of rehabilitation, early supported discharge, spasticity, music therapy, mirror therapy and shoulder pain.

The Chair asked everyone to verbally declare any new interests. CF declared she will be teaching for Canterbury Christ Church University on the postgraduate diploma Neuropsychology course and involvement in the Stroke Specific Education Framework. JBe declared involvement in a Cochrane review of interventions for dysphasia and has provided the completed declarations of interest form.
