In February 2020, this guideline was updated by an expert committee. They reviewed the evidence on increasing ICS treatment within supported self-management for children and young people.

See the NICE website for the [guideline recommendations](#) and the [evidence review for the 2020 update](#).

## **Chronic asthma: management**

[Full guideline for chronic asthma management](#)

[Appendices A to S](#)

These documents preserve evidence reviews and committee discussions for areas of the guideline that were not updated in 2020.

## **Asthma: diagnosis and monitoring of asthma in adults, children and young people**

[Full guideline for asthma diagnosis and monitoring](#)

[Appendices A to R](#)

These documents include the 2017 evidence reviews and committee discussions and have not been updated.
