Notes

1. PC welcomed the group to the fifth meeting of this GDG. The Chair asked all GDG members to declare any relevant conflicts of interest. There were two personal non-pecuniary interests.
 - 1.1. PC has been invited to write two journal articles on fluid and electrolyte balance in children. One of these is for 'Anaesthesia and intensive care medicine' and the other is for 'Paediatrics and child health'. No honorarium will be received.
 - 1.2. CG received usual accommodation and travel expenses as an invited speaker at the 2014 APA Annual Scientific Meeting 15-16 May 2014.
2. The minutes of the last meeting of this group were agreed as a true and accurate account of the meeting.
2. FON presented the clinical evidence on the most effective fluid type for resuscitation in children. EG presented the economic evidence relating to the question. PC thanked FON

Notes

and EF for their presentations and the GDG discussed and drafted a recommendation.

- 4 JN and FON presented the draft protocols for future review questions and the GDG discussed arising issues.
- 5 KJ presented on the inclusion of obese children in the review question on the use of body weight and body surface area to identify intravenous fluid requirements. The GDG amended the recommendation to include this population.

Date, time and venue of the next meeting

Wednesday 30 July 2014, 10.30 – 4.30pm, Donald Hunter Room, Royal College of Physicians, 11 St Andrews Place, London.
