Notes

1. RB welcomed the group to the second meeting of this guideline development group (GDG).
2. RB asked the group for any new declarations of interest.
 No new declarations of interest were received from the GDG members or the other attendees.
 Declarations are kept on record at the NCC-WCH and will be published in the full guideline.
 The minutes of the previous meeting were accepted as an accurate record of the meeting.
3. EF presented the new evidence for contraception – oral hormonal contraceptives (the list of Excluded Studies, the Evidence Tables, the GRADE Profiles summarising the evidence and the Evidence Summary and Recommendations). During the presentations the group had an opportunity to discuss the evidence presented and ask questions. Notes of this

discussion were made live on screen. The GDG drafted recommendations and research recommendations based on the evidence presented at this meeting and previous meetings.

4. EF provided the answers to the queries raised at the May 2013 GDG meeting regarding the specialist teams review. The group had an opportunity to discuss this and no changes were made to this review.
5. SBR presented the draft review protocol relating to interventions for gestational diabetes. The group discussed the technical team's proposed review questions. It was agreed that any further amendments to the protocol would be agreed with the Chair and the GDG would be advised of these.
6. NP and EF presented the evidence for postnatal testing – test accuracy (the list of Excluded Studies, the Evidence Tables, the GRADE Profiles summarising the evidence and the Evidence Summary and Recommendations). During the presentations the group had an opportunity to discuss the evidence presented and ask questions. Notes of this discussion were made live on screen. The GDG drafted recommendations and research recommendations based on the evidence presented at this meeting and previous meetings.
7. There was no other business. RB thanked the participants for attending and closed the meeting.
