Apologies	
Matthew Streetly (MS)	Jane Woodward (JW)
Katie Perryman-Ford (KPF) (Day 2)	Andrew Champion (Day 2)
John Graham (Day 1)	

REPORTS OF DISCUSSIONS AT THE MEETING

1. Introductions

CM welcomed everyone to the 7th meeting of the Myeloma GDG.

2. Declarations of Interest

The following interest was declared prior to the meeting:

- JS declared that he had received an honorarium from Sanofi for attending an advisory board on the mobilising agent plerixafor on 24th November 2014. This was classified as personal pecuniary non-specific meaning that JS can declare and participate in discussion of all guideline topics as plerixafor is not being investigated by the guideline.

The following declarations of interest were declared at the meeting:

- SA declared that he has met with Chugai, in his capacity as chair of the NCRI studies group, to discuss a potential study on weight loss in cancer. This was categorised as non personal pecuniary non-specific meaning that SA can participate in discussion on all topics as weight loss as a symptom is not being covered by the guideline and the research is not funded by the healthcare industry.

The GDG were reminded that if they take on any new interests, these must be declared to the NCC-C as soon as they happen so that the necessary action can be taken.

3. Discussions

The GDG discussed the evidence and agreed the recommendations and LETR tables for topics D2, P and C1.

The GDG reviewed the edited recommendations and LETR statements for topics A, K, M and Q.

JH updated the GDG on work in the health economic model for the topic L3.

Presentation was given by an expert advisor on topic L2.

The GDG discussed and agreed the draft recommendations and LETR tables for topic L2.

4. Close of meeting

CM thanked the GDG for their input to the meeting, reminded them that the next meeting would be on **Monday 26th January 2014**, starting at 10.30 in the **NICE offices, Manchester**.
