

# Economic Plan

This document identifies the areas prioritised for economic modelling. The final analysis may differ from those described below. The rationale for any differences will be explained in the guideline.

## 1 Guideline

Full title of guideline: Medicines optimisation: the safe and effective use of medicines to enable the best possible outcomes

## 2 List of Modelling Questions

Clinical questions by scope area	<b>What is the effectiveness and cost-effectiveness of medicines reconciliation to reduce sub-optimal use of medicines and medicines-related patient safety incidents, compared to usual care?</b>
Population	Hospitalised patients taking medicines
Interventions considered for inclusion	Medicine reconciliation throughout a hospital stay, usual care (with no medicine reconciliation)
Type of analysis	CUA
