**Notes**

1. **Welcome, apologies and declarations of interest**

The Chair welcomed the group to the seventh meeting of this GDG. Apologies were received from BP, MH and NK.

The DOI register was made available to the GDG chair. The chair reviewed the DOI register and deemed that none of the original DOIs were in conflict with the agenda topics and clinical questions under discussion at the meeting. No action was required.

SS declared having been appointed patient representative of the Opt out BBV Task and Finish group, Public Health England; and patient voice of the Public health secure and detained assurance group PH section 7A These were classified as non-personal pecuniary interests and the Chair agreed that she should declare and participate.

EW declared being a Visiting senior lecturer (research) at Manchester University. This was classified as a personal non-pecuniary interest and the Chair agreed that she should declare and participate.

2. **Review GDG6 meeting notes & NICE minutes**

Meeting notes and NICE minutes from GDG6 were approved as a correct record.

3. **Review Question: What are the most effective methods for people to access medicines in prisons to maximise adherence and good health outcomes and reduce inappropriate use?**

HK and LF presented the draft clinical and economic evidence review for the question 'What are the most effective methods for people to access medicines in prisons to maximise adherence and good health outcomes and reduce inappropriate use?' The GDG discussed the evidence and drafted recommendations.

4. **Review Question: What are the most effective methods for continuity of care for people to access medicines to maximise adherence and good health outcomes and reduce inappropriate use, when: Coming into prison? Being transferred between prisons? Discharged from prison?**

HK and LF presented the draft clinical and economic evidence review for the question 'What are the most effective methods for continuity of care for people to access medicines to maximise adherence and good health outcomes and reduce inappropriate use, when: Coming into prison? Being transferred between prisons? Discharged from prison?' The GDG discussed the evidence and drafted recommendations.

## Notes
