Notes

1. **Welcome, apologies and declarations of interest**

The Chair welcomed the group to the third meeting of this GDG. Apologies were received from BP and JD.

The DOI register was made available to the GDG chair. The chair reviewed the DOI register and deemed that none of the original DOIs were in conflict with the agenda topics and clinical questions under discussion at the meeting. No action was required.

New declarations of interest were received at the meeting. SS declared being the lead on a research project (funded by G4S) on clinical care and social care support of prisoners with BBV in 12 closed settings throughout the UK. This was classified as a personal pecuniary interest. The Chair advised that she should declare and withdraw from recommendation making for questions on early health needs assessment.

JH has been asked to speak on opioid analgesic dependence at a conference for Indivior (formerly Reckitt Beckinser) for a fee. This was classified as a personal pecuniary non-specific interest. The Chair agreed that he should declare and participate.

2. **Review Question: What health assessment needs to be done at reception into prison?**

HK and LF presented the draft clinical and economic evidence review for the question 'What health assessment needs to be done at reception into prison?'. The GDG discussed the evidence and drafted the recommendations.

3. **Review Question: What subsequent health assessment(s) are clinically and cost effective in prisons?**

HK and LF presented the draft clinical and economic evidence review for the question 'What subsequent health assessment(s) are clinically and cost effective in prisons?'. The GDG discussed the evidence and drafted the recommendations.

4. **Protocols**

The GDG discussed and made amendments to the draft protocols on 'Use of medication' and 'Urgent and emergency management'.

5. **Health economic prioritisation**

LF gave a presentation to the GDG on the health economic prioritisation.

6. **Any other business**

Notes
