

Full guidelines - November 2017

Full guidance

Published: 29 November 2017

www.nice.org.uk

In February 2020, this guideline was updated by an expert committee. They reviewed the evidence on increasing ICS treatment within supported self-management for children and young people.

See the NICE website for the [guideline recommendations](#) and the [evidence review for the 2020 update](#).

Chronic asthma: management

This document preserves evidence reviews and committee discussions for areas of the guideline that were not updated in 2020.
