Equality impact assessment

Pancreatic cancer: diagnosis and management in adults

The impact on equality has been assessed during guidance development according to the principles of the NICE equality policy.

3.0 Guideline development: before consultation (to be completed by the Developer before consultation on the draft guideline)

3.1 Have the potential equality issues identified during the scoping process been addressed by the Committee, and, if so, how?

No equality issues were identified during the scoping process.

3.2 Have any **other** potential equality issues (in addition to those identified during the scoping process) been identified, and, if so, how has the Committee addressed them?

No other potential equality issues have been identified

3.3 Have the Committee's considerations of equality issues been described in the guideline for consultation, and, if so, where?

N/A

3.3 Have the Committee's considerations of equality issues been described in the guideline for consultation, and, if so, where?

3.4 Do the preliminary recommendations make it more difficult in practice for a specific group to access services compared with other groups? If so, what are the barriers to, or difficulties with, access for the specific group?

The preliminary recommendations do not make it more difficult for any specific group to access services compared with other groups.

3.5 Is there potential for the preliminary recommendations to have an adverse impact on people with disabilities because of something that is a consequence of the disability?

No

3.6 Are there any recommendations or explanations that the Committee could make to remove or alleviate barriers to, or difficulties with, access to services identified in questions 3.1, 3.2 or 3.3, or otherwise fulfil NICE's obligation to advance equality?

N/A
