In March 2018, we reviewed the evidence for attention deficit hyperactivity disorder: diagnosis and management in the following areas:

- [Risk factors](#)
- [Information and support](#)
- [Pharmacological efficacy and sequencing](#)
- [Pharmacological safety](#)
- [Non-pharmacological efficacy and adverse events](#)
- [Combination treatment](#)
- [Adherence to treatment](#)
- [Managing treatment](#)
- [Withdrawal and drug holidays](#)

See the [guideline scope](#) for more information about why we decided to update the guideline.
