<p><b>3</b></p>	<p><b>Minutes of last meeting</b></p> <p>The PDG were asked to review the minutes from PDG 6. These were approved.</p> <p>Matters arising from minutes of PDG 6:</p> <ul style="list-style-type: none"> <li>• The Chair asked the PDG to send their biography to Melinda if they had not already done so.</li> <li>• HW updated the PDG on child equestrian helmets and standards for fitting to the PDG. The law states that children under 14 years</li> </ul>	

	<p>must wear a properly fitted hat while riding on the road. In a shop, there is normally a sales adviser trained to fit the helmet on the customer. For online purchases fitting information is provided. All riding schools and Pony Club activities require children to have a correctly fitting hat. All hats have to meet the BS standard.</p> <ul style="list-style-type: none"> <li>• Update on epidemiology data from JV requested - and what definition of urban/rural was adopted by SWPHO</li> </ul> <p>All other actions have been completed.</p>	
<b>4</b>	<p><b>Monitoring and surveillance issues – A&amp;E pilot</b></p> <p>Wendi Slater from South West Public Health Observatory gave a presentation on a pilot that introduces enhanced data collection which can routinely be collected by A &amp; E staff. Three methods are being explored: enhanced collection on injuries for all attendees; interviewing 15% of attendees where possible and during daylight hours; and attendee optional self-entry of data.</p>	
<b>5</b>	<p><b>Questions and discussion</b></p> <p>The Chair thanked Wendi Slater and asked PDG members for questions of clarification.</p> <p>The following were discussed:</p> <ul style="list-style-type: none"> <li>• The possibility of patients recording the data themselves rather than A&amp;E staff</li> <li>• There will be collection of data relating to firework injuries</li> <li>• All ages to be recorded as part of the pilot</li> <li>• Costs of collecting data</li> <li>• Collecting data in a rural setting as proximity to hospital influences use of A &amp; E and that impacts on rural attendances compared to urban attendances</li> <li>• Training of staff that are collecting data</li> <li>• The link with clinical audit departments</li> <li>• The time taken for data collection</li> <li>• Within A &amp; E there is an increasing interest in injury prevention and this needs to be encouraged so that it filters to all staff</li> <li>• All three pilot study sites are keen to act as advocates and share the learning. If it could be demonstrated that these pilots have reduced injuries it would encourage other Trusts to adopt the scheme</li> <li>• In some A &amp; E departments where there is collaboration with the Police there has been success in intervening (eg by targeting violence injury hotspots)</li> <li>• Commissioning data sets used</li> <li>• Other data that is routinely collected by Trusts on injuries and A&amp;E attendance</li> </ul>	
<b>6</b>	<p><b>Cycle helmets – epidemiology and effectiveness</b></p> <p>Mike Hayes and Heather Ward gave a presentation on the epidemiology and effectiveness of cycle helmets based on work undertaken by TRL for the DfT.</p> <p>The full TRL report is due to be published in early 2010.</p>	

7	<p><b>Surveillance and Epidemiology:</b></p> <p><b>i) new recommendations for future monitoring and surveillance systems</b></p> <p><b>ii) further data required by PDG to revise current recommendations</b></p> <p>The committee split into three small groups, with a PDG member facilitating, to discuss these questions and to formulate some provisional recommendations.</p>	
8	<p><b>Plenary report back and whole group discussion/consensus on recommendations</b></p> <p>A PDG member from each group reported back to the whole PDG: i) details of their discussion and ii) details of their development of provisional recommendations.</p> <p>These were then discussed by the PDG as a whole to reach consensus.</p> <p>NICE team to develop into draft recommendations for circulation to PDG.</p>	<b>NICE team</b>
9, 10	<p><b>Workforce training and capacity building:</b></p> <p><b>Discussing and developing recommendations</b></p> <p>Mike Hayes gave a brief presentation on the challenges to workforce planning and the need for training. The PDG stayed in plenary session and discussed potential recommendations. The importance of both formal and on the job training was recognised.</p> <p>NICE team to develop into draft recommendations for circulation to PDG.</p>	<b>NICE team</b>
11	<p><b>External environment recommendations:</b> <b>Whole group discussion/consensus</b></p> <p>Hilary Chatterton from NICE gave a brief presentation on the recommendations so far on the external environment. These were discussed by the whole PDG. Injuries that resulted from not wearing helmets, fireworks and playground activity were discussed. Evidence on drowning was seen as an area where more information would be beneficial to the PDG in making their recommendations. Julia Verne offered to check RoSPA data on drowning.</p> <p>NICE to convene sub-group to revise the recommendations.</p>	<p><b>Julia Verne</b></p> <p><b>NICE team/ PDG members</b></p>
12,13	<p><b>Summary of stakeholder comments arising from the evidence consultation Questions and discussion</b></p> <p>Louise Millward from NICE summarised the comments received from stakeholders. These comments were available to the PDG as a tabled paper at this meeting. The Chair asked the PDG to read and consider</p>	<b>PDG members</b>

	the comments	
<b>14,15</b>	<p><b>Health economics update; Questions and discussion</b></p> <p>Lesley Owen, health economist from NICE gave a brief update to the PDG on the work so far and asked the PDG to consider which areas it would want modelled.</p> <p>It was agreed that modelling a variety of scenarios would be helpful, and that the sub groups that were redrafting the recommendations should consider which they think should be modelled.</p>	
<b>16</b>	<p><b>Summary of the day, agreed action and next steps</b></p> <p>The Chair thanked the PDG for their active participation throughout the day and summarised the actions:</p> <ul style="list-style-type: none"> <li>• Road and Home subgroups to re-convene either in person or by phone following email consultation to revise the existing recommendations and bring them back to the full PDG.</li> <li>• Subgroups also to consider which recommendations could be considered for economic modelling.</li> <li>• NICE to draft and circulate recommendations on Surveillance and Training, for PDG comment</li> <li>• NICE to convene subgroup to revise External environment recommendations</li> <li>• Stakeholder comments paper to be considered by PDG</li> <li>• Julia Verne agreed to look at what definition of urban/rural was adopted by SWPHO</li> <li>• Julia Verne agreed to check RoSPA data on drowning in young people</li> </ul>	<p><b>PDG members</b></p> <p><b>PDG members</b></p> <p><b>NICE team</b></p> <p><b>NICE team</b></p> <p><b>PDG members</b></p> <p><b>Julia Verne</b></p> <p><b>Julia Verne</b></p>
