Subject: RE: Hepatitis C: pegylated interferons, ribavirin and alpha interferon
for the treatment of mild to moderate disease (review) - RCN

Importance: High

Dear Alana

Specialist Nurses working in this area of health have reviewed the Appraisal
Consultation Document for the use of pegylated interferons, ribavirin and alpha
interferon for the treatment of mild to moderate Hepatitis C disease and have
indicated that there are no further comments to be submitted on behalf of the
RCN at this stage of the appraisal.

Thank you for the opportunity to comment.

Please acknowledge receipt.

Regards

Caroline
