Subject: RE: Naltrexone for the management of opioid dependence - ACD - RCN Comments

Importance: High

Dear Emily

Nurses working in this area of health have reviewed the Appraisal Consultation Document for the use of naltrexone for the management of opioid dependence. They consider the document very comprehensive and have nothing further to add on behalf of the Royal College of Nursing at this stage.

Thank you for the opportunity to review the document and submit comments.

Looking forward to the next stage of the appraisal.

Please acknowledge receipt.

Regards
