## Health Technology Appraisal

## Cinacalcet HCl for the treatment of hyperparathyroidism secondary to impaired renal function

## Response to consultee and commentator comments on the provisional matrix of consultees and commentators

| <b>Version of matrix of consultees and commentators reviewed:</b>       |                                 |                                  |                                |   |
|---|---------------------------------|----------------------------------|--------------------------------|---|
| Provisional matrix of consultees and commentators sent for consultation |                                 |                                  |                                |   |
| <b>Date:</b>  |                                 |                                  |                                |   |
| September 2005  |                                 |                                  |                                |   |
| <b>Summary of comments, action taken, and justification of action:</b>  |                                 |                                  |                                |   |
|   | Proposed consultee/commentator: | Proposal made by:                | Action taken:                  | Justification:  |
| 1.  | Society for Endocrinology       | NHS Quality Improvement Scotland | <input type="checkbox"/> Added | The Society for Endocrinology fulfils the criteria for consultee selection, and has been added to the final matrix.       |
| 2.  | Royal College of Surgeons       | NHS Quality Improvement Scotland | <input type="checkbox"/> Added | The Royal College of Surgeons fulfils the criteria for consultee selection, and has been added to the final matrix.       |
| 3.  | British Thyroid Association     | British Thyroid Foundation       | <input type="checkbox"/> Added | The British Thyroid Association fulfils the criteria for consultee selection, and has been added to the final matrix.     |
| 4.  | British Dietetic Association    | British Renal Society            | <input type="checkbox"/> Added | The British Dietetic Association fulfils the criteria for consultee selection, and has been added to the final matrix.    |
| 5.  | Association of Renal Industries | British Renal Society            | <input type="checkbox"/> Added | The Association of Renal Industries fulfils the criteria for consultee selection, and has been added to the final matrix. |

## Appendix D

|    |  |   |  |  |
|----|--|---|--|--|
| 6. | Anaemia Nurse Specialist Association (ANSA)          | British Renal Society                                 | <input type="checkbox"/> No change necessary | The Anaemia Nurse Specialist Association does not appear have a specific interest in this appraisal, and therefore has not been added to the matrix.   |
| 7. | National Collaborating Centre for Chronic Conditions | National Institute for Health and Clinical Excellence | <input type="checkbox"/> Added               | The National Collaborating Centre for Chronic Conditions fulfils the criteria for commentator selection and has been added to the final matrix.  |
| 8. | Removal of: Welsh Kidney Patient Association         | National Institute for Health and Clinical Excellence | <input type="checkbox"/> Removed             | The Welsh Assembly Government has changed its relationship with NICE and is reducing the level of funding. NICE is negotiating a service level agreement with the Welsh Assembly Government to reflect these changes and until this position is resolved, the Welsh Assembly Government will be invited to be a commentator in the technology appraisals programme and Welsh patient and professional groups will not have the status of consultees or commentators. These groups may comment on the draft guidance via the website facility if they wish. |
