Subject: RE: Stapled haemorrhoidectomy for the treatment of haemorrhoids - AR - RCN comments

Dear Reetan

This is just to let you know that the feedback I have received from nurses working in this area of health suggest that there are no further comments to be submitted on behalf of the Royal College of Nursing on the Assessment Report of the above health technology appraisal.

Thank you for the opportunity to review the document. We look forward to participating in the next stage of the appraisal.

Please acknowledge receipt.

Regards
