

Appendix 1: Proposal comment summary table

Respondent	Response to proposal	Details	Comment from Technology Appraisal
Bristol-Myers Squibb	Agree	First, the NICE assessment that no new evidence has been published to date that would affect previous guidance is correct <i>[Commercial in confidence information removed]</i>	Noted
British Infection Society	No objection		Noted
Gilead	No objection	In light of the comments made by the Institute I would like to consolidate on the importance of tenofovir disoproxil fumarate being included in the MTA. As you're aware tenofovir has now reached the FAD stage of the STA process and is due to receive a positive final guidance in a matter of weeks. Gilead welcome the opportunity to discuss a potential MTA in March 2010.	Noted
Royal College of Nursing	No objection		Noted
Royal College of Physicians	Agree		Noted
Roche	Agree		Noted
Royal College of Pathologists	Agree		Noted
Research Institute for the Care of Older People	No comment		Noted
