Dear Mr Powell

Re: Osteoporosis: Health Technology Appraisals 160 and 161 - DSU report

Thank you for the opportunity to comment on the DSU report.

The British Society for Rheumatology has seen the comments sent by the National Osteoporosis Society (NOS), and is pleased to endorse these comments

The BSR particularly supports NOS's comments on the need to review and revise the current technology appraisals. We are aware that there has been widespread disappointment with the current appraisals, and strongly support that they be reviewed as soon as possible.

Yours sincerely,
