

Romiplostim for the treatment of chronic immune or idiopathic thrombocytopenic purpura

<http://www.nice.org.uk/Guidance/TA/Wave17/16>

Dear Consultees and commentators,

The Technology Appraisal Committee was due to meet on 3rd February to discuss this appraisal.

Due to the weather-related travel problems it was not possible for the Committee to achieve quorum. Under the Committee's Standing Orders it was therefore not possible for any decisions to be taken.

However, the Committee was able to discuss some of the issues related to this appraisal with the experts, who were able to attend, and we are very grateful to those experts for attending.

The Committee will therefore discuss this appraisal again at their meeting on **1st April 2009**. The selected patient experts and clinical specialists will be invited to attend this meeting.

If you have any questions, please contact me at jeremy.powell@nice.org.uk or on 020 7045 2248.

Best wishes,

Jeremy

Jeremy Powell
