██████████
Prostate Cancer Support Federation

25 September 2012

Dear ██████████,

Final Appraisal Determination: Denosumab for the treatment of skeletal-related events in adults with bone metastases from solid tumours

Thank you for your gracious reply to my initial scrutiny letter of 10 September 2012. I stated in my letter to you that I was not minded to agree that the appeal point raised was valid and I invited you to comment. Based on the Prostate Cancer Support Federation's decision to withdraw its appeal, I have taken the decision that the Institute will not be conducting an appeal hearing in relation to the Appraisal Committee's Final Determination in this matter.

Yours sincerely
