**Equality impact assessment – Scoping**

**STA Nalmefene for reducing alcohol consumption in people with alcohol dependence**

**Batch 31**

The impact on equality has been assessed during this appraisal according to the principles of the NICE Equality scheme.

1. Have any potential equality issues been identified during the scoping process (draft scope consultation and scoping workshop discussion), and, if so, what are they?

No potential equality issues have been identified.

2. What is the preliminary view as to what extent these potential equality issues need addressing by the Committee?

No equality issues have been identified that need to be addressed by Committee.

3. Has any change to the draft scope been agreed to highlight potential equality issues?

No changes to the scope based on equality issues are needed.

4. Have any additional stakeholders related to potential equality issues been identified during the scoping process, and, if so, have changes to the matrix been made?

No additional stakeholders related to equality issues have been identified.
