Dear [REDACTED]

**Final Appraisal Determination: Everolimus for the second line treatment
of advanced and/or metastatic renal cell carcinoma**

In my initial scrutiny letter dated 23 December 2010 I stated that I was not minded to agree that your appeal points were valid as they did not amount to procedural unfairness, guidance which cannot be justified, or the Institute exceeding its powers, however you were invited to comment before I made my final decision.

I did not receive a response from you by the required deadline, therefore my final decision is that based on the reasons stated above and outlined in the initial scrutiny letter, your appeal will not be passed to the Appeal Panel for consideration at this time.

Yours sincerely

Dr. Maggie Helliwell
Appeal Committee Chair
