Dear [REDACTED]

**Final Appraisal Determination: immunosuppressive therapy for kidney transplantation
in adults**

I can now let you have my final scrutiny decision in respect of your joint appeal under Ground 2 against recommendation 1.4 of the above Final Appraisal Determination. As I noted in my initial scrutiny letter, I consider all the points you made in your original appeal letter to be valid appeal points save for your point about NHS England's processes and switching therapies. Your other points will be considered at an oral hearing, details of which have been separately notified to you.

Yours sincerely

Andy McKeon
Vice Chair
National Institute for Health and Care Excellence
