

# Darvadstrocel for treating complex perianal fistulas in Crohn's disease

Information for the public  
Published: 9 January 2019

[www.nice.org.uk](http://www.nice.org.uk)

Darvadstrocel is not normally available on the NHS for treating complex perianal fistulas in adults with non-active or mildly-active luminal Crohn's disease. Your doctor should talk with you about other treatment options.

## Information and support

The [NHS website](#) may be a good place to find out more.

This organisation can give you advice and support:

- [Crohn's and Colitis UK](#), 0300 222 5700

You can also get support from your local [Healthwatch](#).
