**Equality impact assessment – Scoping**

**STA Durvalumab in combination with platinum-based  
chemotherapy for untreated extensive stage small-cell  
lung cancer**

The impact on equality has been assessed during this appraisal according to the principles of the NICE equality scheme.

1. Have any potential equality issues been identified during the scoping process (draft scope consultation and scoping workshop discussion), and, if so, what are they?

No additional potential equality issues have been identified during the scoping process.

2. What is the preliminary view as to what extent these potential equality issues need addressing by the committee?

N/A

3. Has any change to the draft scope been agreed to highlight potential equality issues?

No

4. Have any additional stakeholders related to potential equality issues been identified during the scoping process, and, if so, have changes to the matrix been made?

No
